No. 29

SIR

I have the honour to forward herewith the revised estimate amounting to Rs 14,665/- for constructing eight Model Houses in Block II A Vaní Vilasa mohalla, sanctioned by the Board of Trustees at their ordinary meeting held on 20th December 1932 and to request that you will be so good as to obtain early sanction of Government thereto

2 The report and the comparative statements accompanying the plans and estimates in duplicate explain the nature and the necessity for revision. The original estimate for Rs 14,000/- has been sanctioned by Government in their Proceedings No L 4098/4100/11 23-37-39 dated the 7th December 1931. A copy of the Board's Resolution sanctioning the revised estimate is hereto appended for reference

3 The construction of seven houses has been completed and four of them sold. The excess over the original sanctioned amount will be met out of Narasimharaaja and Palace building Funds. As the net excess incurred after deducting the per centage tendered by the contractor is less than 5 per cent early sanction may kindly be accorded

Report to accompany the revised estimate for the construction of eight model houses in Block No II (a) Vani Vilasa Mohalla, Mysore

An estimate amounting to Rs 14,000/- for the above was sanctioned by Government in their proceedings No L 4098/4100/ M1 23-37-39 dated the 7th December 1931 To provide more accommodation and to create more facilities for dwelling purpose the built area was increased from $33' \times 21\frac{7}{8}'$ to $34\frac{1}{2}' \times 24\frac{7}{8}'$ by increasing the dimensions of the rooms and a 6' front verandah was also added by the savings effected in the tenders received vide Office orders dated 1st February 1932

2 During execution it was suggested by the Trustees that instead of having continuous Mangalore tiled roofing for all the houses at least the front portion of four buildings might be terraced providing one or two more windows for better ventilation and cement *free* work ventilators in the gables of the buildings Accordingly the houses were constructed as per revised plans herein enclosed The comparative statement hereto appended explains the reasons for excesses and savings in every item of work between the original and the revised estimates

3 Seven houses have been completed and four disposed of The total net cost of the eight houses comes to Rs 14,665/- resulting in an excess expenditure of Rs 665 over the sanctioned amount which may kindly be sanctioned

Adverting to Government Proceedings No. L6506-7/M1 24-32-22
dated 6/7th April 1933 sanctioning the revised estimate for
Rs 14,665/- for constructing eight model houses in Block No II (A)
Vani Vilasa Mohalla Extension, Mysore, I have the honour to forward
herewith an estimate amounting to Rs 3,250/- for converting one of
the model houses to suit the convenience of Chamarajapuram Stores,
and to request that you will be so good as to obtain the sanction
of Government thereto

The plans and estimates have been prepared in accordance with
the requisition No 968 dated 29th April 1932 from the Secretary,
Chamarajapuram Co-operative Stores, copy of which is enclosed for
reference in regard to the terms of purchase and the modifications
needed to suit the convenience of the Stores. Copies of the
Resolution of the Board (XXV dated 31st May 1932) and letter
No 1979 dated 19/21st December 1932 from the Huzur Secretary to His
Highness the Maharaja of Mysore conveying approval are hereto
appended for reference

As the Secretary of the Stores has already deposited half the
cost of the building in advance and as the balance of amount
only Rs. 1,625/- required for the completion of the building is

well within the average sanctioned cost of a building to be worked out of Narasimharaja and Palace building funds, early sanction may kindly be accorded to the estimate The construction of the remaining seven houses has been completed and some have also been sold as already intimated in this office No 914 dated 17th February 1933

Copy of letter No 968 dated 29th April 1932 from *Secretary,*
Chamarajapuram Co-operative Stores, Limited, Mysore, to the
Chairman, City Improvement Trust Board, Mysore

About two weeks back, some of the residents living in the Vontikoppal extension Mysore, urged our Stores to open a Branch in that Mohalla to create facilities for the present and future inhabitants of that locality. Our Stores never had any immediate idea of establishing itself in that far off extension. However, the earnest persuasion of the prominent gentlemen mentioned above, as well as your encouraging words that, by opening a Branch there, the Stores would render a very useful social service in that extension which had just begun to develop, and that the Trust Board may also assist the Stores to get a suitable place for housing itself, emboldened the Managing Committee to decide to open a branch in that Mohalla.

At the special meeting of the Managing Committee held on 27-4-1932, the following Resolution has been passed

"Resolved that a building for the location of the Stores Branch in the Vani Vilasa Extension be secured on the hire purchase system from the Trust Board on the site chosen by us, a plan suitable for the requirements of the Stores being adopted. The main building should be entirely terraced. There should also be out houses for the tailoring and fuel sections, latrine, and a compound wall enclosing the whole ground.

Further resolved that the moiety of the Stores contribution not exceed rupees one thousand five hundred only"

The house where we have opened our Branch is too small for our purpose. We have been unable to give the members of the place all the facilities we can, for want of space. The Trust Board will be rendering service not only to the Stores, but to the residents of the locality, if it can kindly undertake the construction of the building and finish it before the monsoons begin, in the month

Thanking you in anticipation,

P S 'Main building' in the resolution does not include the front verandah, which ~~may~~ however be tiled
